(2008 - 2012)

## TOP SKILLS

- HTML
- CSS
- C#
- C++
- JavaScript
- NoSQL
- SQL
- Java
- jQuery
- PHP
- Visual Basic

## PROJECTS

### Backend Foundations with ASP.NET Core Final Project

September 2022

Created a Blog .NET Core MVC Application with a SQLite Database. Contains authorization for logged in users to create, edit, and delete posts. Non-logged in users can only view posts.

### Coding From Scratch Final Project

June 2022

Used HTML to create a form for a user to input data. Styled the form and output with CSS. Used JavaScript to handle DOM manipulation and modify the HTML to output a basic ID card.
